The SARL Website

As many of you are aware, the sarl.org.za was the victim of a cyber-attack, that resulted in lots of spam e-mails. This was first indication that our system had been breached. In response to this we shut down the web site and the certain mail services while the breach was investigated.

During the investigation it came to light that there were also other attempts to attack the system that included the possible exfiltration of members name, e-mail and SARL password Hash.

Considering this, it was advised not to resurrect the old sarl.org.za server, but rather re-direct to the new web site, that has by far better security because it is deployed on an up to date and security patched system with the necessary security enhancements. This was done in the best interests of all members.

To enable us to interact we switched sites without warning, we apologise for this, but it was necessary.

We are in the process of migrating pertinent content from the old to the new, and this will take some time. Please bear with us during this period.

To access the new site, you can either go to sarl.org.za or mysarl.org.za, you will see lots of information on the page to try and showcase what we as amateurs do.

The Ham Portal requires you to register (top righthand corner) and fill in your details and verify your e-mail address and at which point the SARL will update your status from

pending to member, etc. Please give a little time for this process as it requires us to check and allocate the correct status to your profile.

Once your status has been updated, please log in and update your profile by adding your call sign and club at the bottom of the profile page.

When updating your status, you will be added to the FORUM, where you can log in with the e-mail address you registered with in the Ham Portal. Click the forgot password option, where you can fill in your e-mail address again and request a password to the forum.

Moving forward we will be adding features to the site, this will take some time. We will be prioritizing the work, so please be patient.

The Queens Of The Mountain

The Second Annual Queens of the Mountains will take place from 00:00 UTC on Saturday 7 June to 23:59 UTC on Sunday 8 June. This is an event to get YLs operating from SOTA points around the country. Adele, ZS5APT is organising the event here in South Africa and she asks all YL operators to get involved. A WhatsApp group has been formed. Closer to the time, more information will be posted on the SOTA reflector at <https://reflector.sota.org.uk>.

The Heritage CQ Amateur Radio Hall of Fame

The CQ Amateur Radio Hall of Fame was established in January 2001 to recognize those individuals, whether licensed radio amateurs or not, who significantly affected the course of amateur radio; and radio amateurs who, during their professional lives, had a significant impact on their professions or on world affairs.

The CQ Amateur Radio Hall of Fame was controlled by Richard Ross, K2MGA (SK) and Rich Moseson, W2VU of CQ Magazine fame. CQ Magazine has discontinued, but the Heritage CQ Amateur Radio Hall of Fame will continue to honour select qualified individuals. Hamgallery is the new steward of this award, with blessing from Cathy Ross (wife of K2MGA) and Rich, W2VU.

The 2025 inductees are: Prof. Jim Breakall, WA3FET; Angel M. Vazquez, WP3R; Wayne Overbeck, Ph.D., N6NB (SK). Their profiles can be found on <https://hamgallery.com/HOF/AmateurRadio/>.

DX from Africa

(These count towards your All Africa Award)

Eswatini, 3DA. Morten, LA9GY, will be active as 3DA0GY from Eswatini between 22 May and 20 June with holiday style activity on CW, but also some SSB. There is a possibility for some activity during the CQ WW WPX CW Contest (24 and 25 May). QSL via LA9GY direct. PLEASE NOTE: Postage from Norway is 4 USDs.

Eswatini, 3DA. David, PC4K, informs that he received his ESCCOM approval and license on 10 April and he is now active as 3DA0PA from Manzini, Eswatini. He is currently living in the Kingdom of Eswatini where he works as a Missionary Engineer at the shortwave transmitter site of Trans World Radio (TWR). Activity will be on all HF bands from his home QTH or portable in the field. Equipment is an ICOM IC-705 and Inverted V linked dipole from SOTA Beams. QSL only via LoTW. (No Bureau in Eswatini).

African Islands

Cape Verde, D4. Harald, D44TWO and Warren, D44ZZI are ready to travel from their homes in Germany and USA to Santiago Island in Cabo Verde. The team will arrive the night of 4/5 May and hope to activate their stations on 6 May. The team is prepared to activate 160 to 6 m on SSB, CW and digital modes. Both men will be working "Barefoot" as power is inadequate to support amplifiers.

Antennas will be a vertical for 160 – 30, a BuddiHex hex beam on 20 – 10, and a four-element beam on 6 m. Special emphasis will be placed on the less commonly worked bands, according to ClubLog (160, 80, 60, 30, 17, 12 and 6). Harald will operate primarily CW while Warren will focus on SSB. Both OMs will operate on the digital modes to ensure that as many operators as possible have a chance to make QSOs. We are bringing a StarLink Mini and hope that this will enable reliable use of ClubLog’s helpful “Live Streaming” utility. And, while we expect that QSOs will be uploaded to ClubLog “real-time”, QSL arrangements are exclusively through Charles – M0OXO. More information is available at Harald’s and Warren’s QRZ pages.

Equatorial Guinea, 3C. The 3C2MD DXpedition that is scheduled between 30 October and 10 November, now has a Web page and the following info available online www.mdxc.support/3c2md. Operators mentioned are Ant, I8KHC; Marco, IZ2GNQ; Dario, IZ4UEZ; Vlad, OK2WX; Francisco, IU3PMA; Emil, DL8JJ; Axel, DL6KVA; Gilles, F6IRA; Richard, GI4DOH; Sorin, YO8PS; James, KB2FMH; Giampaolo, IU2EFB; Stephen, AG4W; Peter, DL6LZM and Simone, IU4HRJ. Activity will be on 160 to 10 metres using CW, SSB, RTTY and other digital modes.
