

### The SARL responds to the draft National Radio Frequency Plan 2025

The SARL has submitted its comments on the draft plan. By and large the plan does not change the amateur radio frequency allocations. However, the SARL has requested clarity on full access to the 160-metre band (1 820 to 2 000 kHz) which was allocated to the Amateur service in South Africa on 30 March 2015.

The 40,675 – 40,685 MHz band was omitted from the plan. It was allocated for propagation studies and is listed in the table of amateur radio allocations in the 2015 regulation gazetted on 30 March 2015.

### The 2025 IARU HF World Championships

The 2025 IARU HF World Championships begins at 12:00 UTC on Saturday 12 July and runs through to 11:59 UTC on Sunday 13 July. The contest objective is to support amateur self-training in radiocommunications including improving amateur operating skills, conducting technical investigations and intercommunicating with other amateurs around the world, especially IARU member society headquarters stations. Activity takes place on 160, 80, 40, 20, 15 and 10 metres and both phone and CW may be used. Contact stations only once per band and mode.

All stations send a signal report and ITU zone, for South Africa, that is Zone 57. Headquarters

stations operated by an IARU National Society send the abbreviation for their society instead of zone. (i.e. ZS9HQ sends SARL). Stations operated by the IARU Administrative Council and the three IARU regional Executive committees send AC, R1, R2 and R3 as appropriate. The QSO point value of a contact depends on the location of the station. Upload your log at [contest-log-submission.arrl.org](https://contest-log-submission.arrl.org) no later than seven (7) days after the contest is over at 11:59 UTC. Get all the information at [www.arrl.org/iaru-hf-world-championship](https://www.arrl.org/iaru-hf-world-championship).

The Rules allow for six stations to be active on SSB and six stations to be active on CW during the contest – ZS9HQ SSB on 10 m and ZS9HQ CW on 10 m and so for each band. If you want to be part of the ZS9HQ team for the 2025 IARU HF Championships, contact the Contest Working Group and tell them which band and mode you would like to operate. Send an e-mail to [contest@sarl.org.za](mailto:contest@sarl.org.za).
