The SARL Top Band QSO Contest

This is a fun activity to promote contacts on 160 metres between radio amateurs in Southern African SADC countries (SADC) and to encourage radio amateurs to apply for the SARL Top Band Award. The contest runs from 22:01 UTC Thursday 4 June (midnight CAT) to 21:59 UTC on Sunday 7 June 2026 with CW, digital and Phone activity. The exchange is a RS, RSQ or RST report and your 4-character grid square (e.g. KG30). Submit your log sheet by 21:59 UTC on Friday 12 June 2026 by e-mail to contest@zs6wr.co.za.

The Top Band Certificate is sponsored by the South African Radio League. Its aim is to encourage more 160 m QSOs with southern African countries. South African stations must submit proof of having contacted at least six different southern African call areas, of which at least five must be in the Republic of South Africa. The sixth contact can be from the remaining South African call area (ZS), or from any of the bordering countries (Botswana, Eswatini, Lesotho, Mozambique, Namibia or Zimbabwe). Further details can be found at <https://mysarl.org.za/awards/>.

The Winter ZS SOTA Activity Weekend

This is a fun event to encourage radio amateurs to participate in the Summits on the Air (SOTA) programme. This fun activity is open to all radio amateurs. The weekend was planned for 16 and 17 May, but the ZS SOTA Team decided to move it to the weekend of 13 and 14 June to run with the Queens of the Mountain event. Monday 15 June is a school holiday and Tuesday 16 June is a public holiday, so you can extend your SOTA activities over four days!

All activations must be according to the SOTA rules: Activators must carry their station, mast and antenna to the summit and may not operate from a building or vehicle. Chasers may operate from any station. A summit may be activated as often as desired, but an individual Activator can only claim points for operation from a particular Summit once in any calendar year. Club stations may not participate as Activators, Chasers or SWLs.

Combine the SOTA Weekend with the SARL VHF/UHF FM contest which is on the air on 13 June.

SARL VHF/UHF FM contest

The time has finally arrived! The SARL VHF/UHF FM contest is around the corner and this is your turn to shine. Everyone can take part, whether you are a portable or mobile operator, an off-road specialist or a home station. Park on your favourite hill, mountain or scenic viewpoint and make a few contacts.

How far will you be able to talk with a handheld from the Hartbeespoort Cable Car or Naval Hill in Bloemfontein? Just park your car next to a high spot in town, hike up a hill or drive the route in your 4x4. This contest is a great excuse to invite a friend along and enjoy a day out.

Clubs, mobilise your novices and new RAE graduates for the day and get them calling CQ! This is the perfect opportunity to introduce your radio family to the excitement of VHF/UHF contesting. Points are collected for every kilometre based on the exchanged 6-digit grid locators you send and receive. It is FM mode only on the 6 and 2 metres and 70-centimetres. Get all the details on page 31 of the 2026 Blue Book. Sharpen your pencils, charge your radio's batteries and check those antenna connectors. Do you have an AMSATSA 2 m/70 cm Yagi?

The contest runs from 10:00 to 13:00 UTC on Saturday 13 June — the long-distance VHF/UHF FM shootout begins. Will your signal hit the target?
