Mount Horeb, ZS/FS-022 at Clarens – a 10 pointer!

## The Novice Net is on the Go

Last week the net was hosted by Keith ZS6Hi and we had eleven active novices and guru's participating and several listeners. Questions ranged from, what are the repeater frequencies and what frequencies should be monitored, to making contacts and breaking into nets on HF. Guru's gave answers and insights from grid square apps, getting registered on QRZ.com, propagation tips and maximising distance on VHF, as well as that the antenna is more important than the transceiver.

This coming Wednesday evening, 10 June at 19:00 CAT, the net will be hosted by Matthew, ZS6MDV and let us see where the questions take us, as there are a myriad of interesting facets of Amateur Radio to explore, such as satellites, CW, Digital, BACAR, Picos, Contesting, SOTA, POTA, Heritage, RDF, RaDAR, SSTV, Astronomy and the list goes on.

Please diarise to join the Novice net this coming Wednesday evening at 19:00 CAT, whether you are a Novice or a Guru, via an interconnected repeater, Echolink or Allstar node near you, to meet and greet, share knowledge, grow confidence and build our community.

## The Winter ZS SOTA Activity Weekend

This is a fun event to encourage radio amateurs to participate in the Summits on the Air (SOTA) programme. This fun activity is open to all radio amateurs. The weekend was planned for 16 and 17 May, but the ZS SOTA Team decided to move it to the weekend of 13 to 16 June to run with the Queens of the Mountain event!

All activations must be according

to the SOTA rules: Activators must carry their station, mast and antenna to the summit and may not operate from a building or vehicle. Chasers may operate from any station. A summit may be activated as often as desired, but an individual Activator can only claim points for operation from a particular Summit once in any calendar year. Club stations may not participate as Activators, Chasers or SWLs.

According to the spreadsheet, there are 8 teams and 18 operators who have indicated they are planning to activate on Saturday. There is always time to add your name to the list.

### **SARL VHF/UHF FM contest**

The time has finally arrived! The SARL VHF/UHF FM contest is around the corner and this is your turn to shine. Everyone can take part, whether you are a portable or mobile operator, an off-road specialist or a home station. Park on your favourite hill, mountain or scenic viewpoint and make a few contacts.

How far will you be able to talk with a handheld from the Hartbeespoort Cable Car or Naval Hill in Bloemfontein? Just park your car next to a high spot in town, hike up a hill or drive the route in your 4x4. This contest is a great excuse to invite a friend along and enjoy a day out.

Clubs, mobilise your novices and new RAE graduates for the day and get them calling CQ! This is the perfect opportunity to introduce your radio family to the excitement of VHF/UHF contesting.

Points are collected for every kilometre based on the exchanged 6-digit grid locators you send and receive. It is FM mode only on the 6 and 2 metres and 70-centimetres. Get all the details on page 31 of the 2026 Blue Book. Sharpen your pencils, charge your radio's batteries and check those antenna connectors. Do you have an AMSATSA 2 m/70 cm Yagi?

The contest runs from 10:00 to 13:00 UTC on Saturday 13 June — the long-distance VHF/UHF FM shootout begins. Will your signal hit the target? Consult the 2026 Contest Manual or the Contest page on [mysarl.org.za](http://mysarl.org.za) for all the rules.

### **The SARL Youth QSO Party**

Tuesday 16 June is Youth Day and the first leg of the SARL Youth QSO Party. The contest runs from 12:00 to 13:00 UTC with CW and phone activity on 40 metres with the aim of working as many young radio amateurs as possible.

### **World QRP Day**

Wednesday 17 June is World QRP Day and a chance to operate using low power. Give QRP a try.

### **The SARL Saturday 20 m Club contest**

Saturday 20 June, sees the running of the second leg of the SARL Saturday 20 m Club contest with the aim of working as many grid squares and clubs as possible. The contest runs from 11:00 to 12:00 UTC with CW, phone and RTTY activity.

### **The AWA Open Day**

The Antique Wireless Association (AWA) will be having an open day at the SAIEE Museum on Saturday 20 June from 10:30 CAT. Bring along any old items you want to dispose of or just come along for an eyeball QSO. Boerie rolls will be on sale. The address of the SAIEE is 18a Gill Street, Observatory

## DX from Africa

(These count towards your All Africa Award)

Tanzania, 5H. Chas, NK8O will be active again as 5H3DX from Tanzania between 8 June and 2 July. In his limited spare time, he will operate CW and digital on 40 to 6 metres. QSL via LoTW, or direct to home call.

Mozambique, C9. Vasily, R7AL and Slav, OK8AU have been active as C91RU from Ressano Garcia, Mozambique since 1 June. Length of stay is not known. They operate CW and digital on 80 to 10 metres when time permits. QSL via Club Log's OQRS. See QRZ.com for C91RU for possible updates.

Kenya, 5Z. Paul, MM0ZBH, remains active as 5Z4/MM0ZBH until 15 June. QSL direct with SASE: Paul McLaren, 1 Morayvale, Aberdour, Fife KY3 0XE, Scotland.

## African Islands

(These unfortunately do not count towards your All Africa Award)

Cape Verde, D4. Ger, EC1A will be operating as D44EC from 17 to 24 June from Praia. The QTH offers excellent conditions for antennas.

Seychelles, S7. Kasimir, DL2SBY will again be active as S79/DL2SBY between 11 and 21 September. He will be active using CW, SSB and digital on 80 to 6 metres. QSL via home call or LoTW.

Sao Tome, S9. Francisco, CT7AKS will be active as S9R with EC7R, D2ACE, CT1BOL, D2IM, CT1BZG and CT3MD between 17 and 31 October. They will be active with 3 stations from 160 to 6 metres using CW, SSB and digital. Visit <https://s9r.viacom.ao/> for all the information.

## Bouvet, 3Y0K QSL Status Update

The 3Y0K OQRS service is temporarily disabled. Charles, M0OXO has paused the system for several days to allow him time to print some 18 000 labels required for the QSL cards and mailing addresses. Those who did not request a card during the initial 10-week window will be able to do so when the service reopens; however, because they missed this first batch, their cards will not arrive until July. Please note that Charles will not respond to e-mails inquiring about shipping dates. Because updates regarding the 3Y0K QSL process have been widely shared on social media and in the DX news over the last few months, these e-mails are unnecessary. While he aims to mail the cards before Friedrichshafen, any unexpected complications could alter this timeline.
